PD NEUROTECHNOLOGY LTD - COOKIE POLICY FOR OUR COMPANY WEBSITE AND THE PHYSICIAN WEBSITE PORTAL

1 Our use of cookies

1.1 Welcome to www.pdneurotechnology.com ('Site'). Here you will find information on what cookies may be set when you visit our Site and the purposes for which we use those cookies. The Site is owned and operated by PD Neurotechnology Ltd ('we', 'our', 'us' as applicable). For further detailed information about this Site, please click here to see our [Terms of Use](#) and our [Privacy Policy](#).

2 What are cookies?

2.1 A cookie is a small data file that is placed on your computer or other device to allow a website to recognise you as a user when you return to the website using the same computer and web browser, either for the duration of your visit (using a 'session cookie') or for repeat visits (a 'persistent cookie'). Other similar files work in the same way and we use the word 'cookie' in this policy to refer to all files that collect information in this way.

2.2 Cookies are an extremely common technology for remembering certain information about a visitor to a website. The vast majority of websites currently make use of cookies and they are commonly used for a wide range of tasks. We use cookies for the following purposes:

2.2.1 **Strictly necessary cookies.** These are cookies that are required for the operation of our Site. They include, for example, cookies that enable you to log into secure areas of our Site.

2.2.2 **Analytical cookies.** They allow us to recognise and count the number of visitors and to see how visitors move around our Site when they are using it. This helps us to improve the way our Site works, for example, by ensuring that users are finding what they are looking for easily.

2.2.3 **Functionality cookies.** These are used to recognise you when you return to our Site and to embed functionality from third party services. This enables us to personalise our content for you, greet you by name, remember your preferences and to integrate useful services provided by third party providers into our Site.

2.2.4 **Advertising cookies.** These cookies record your visit to our Site, the pages you have visited on our Site and others and the links you have followed. We will use this information to make the advertising displayed to you more relevant to your interests. We may also share this information with third parties for this purpose.

2.3 This Cookie Policy gives you information on the specific cookies used on this Site.

3 How to control and delete cookies

3.1 When you accessed the Site, you were presented with a message that notified you of our use of cookies. We had to use a cookie to present you with that notice (you can see details of this cookie under 'Cookie Banner' in the table below). If you continue to use the Site, more cookies and other tracking technologies will be placed on your computer as described in this Cookie Policy in order to enhance your user experience whilst on the Site. By continuing to use the Site, you are agreeing to the use of such cookies and tracking technology.

- 3.2 We will not use cookies to collect personally identifiable information about you. However, if you wish to restrict or block the cookies which are set by this Site (or, indeed, on any other site) you can do this through your browser settings. The 'Help' function within your browser should tell you how.
- 3.3 Alternatively, you may wish to visit <http://www.allaboutcookies.org/> which contains comprehensive information on how to do this on a wide variety of browsers. You will also find details on how to delete cookies from your computer, as well as more general information about cookies. Please note that, as these websites are not owned or operated by us, we are not responsible for any of the content on them.
- 3.4 Please be aware that restricting cookies may mean that you will not be able to take full advantage of all the features or services available on this Site.
