PD Neurotechnology among the winners of MITEF MIT Enterprise Forum - Winner (3rd place) January to July 2019

July 15, 2019: PDNeurotechnology (PDN) was among the three winners of this year's Greek Startup Competition 2019, under the auspices of MIT Enterprise Forum Greece (MITEF).

This competition started in January 2019, when PD Neurotechnology had been selected - along with 20 other startups - among hundreds of startups which had applied. Following a long semi-finals process, which began on February 28th and ended on June 15th, the final presentation on July 2nd found PDNeurotechnology in the third place.

Anastasios Manos, Business Director, commented: "We are honored by this recognition and prize. Throughout this long coaching and mentoring process, we have improved further as a team and as a company. We are looking forward to becoming members of the MITEF and MIT community, and leverage this new network to further expand our company"

Tassos Manos (Business Director, Operations PD Neurotechnology), among the winners and judges of this year's Greek Startup Competition 2019, under the auspices of MIT Enterprise Forum Greece (MITEF).
